### OTTAWA NEWS.

#### MR. PERLEY INTERVIEWS HON MR. COSTIGAN.

A Well Known Citizen of Winnipeg Drops Dead—Steamers Arrive With Immigrants.

OTTAWA, May 5.—Perley interviewed Hon Mr. Costigan relative to the proposed grading of Manitoba and Northwest when after a lengthy conversation the minister decided to ask the boards of trade of Winnipeg, Toronto, Montreal and Port Arthur to send delegates to Ottawa on the 15th inst., to discuss the whole matter with him to which meeting the Manitoba and Northwest members will be invited and it is expected that a satisfactory basis of classification will be arrived at.

Davin strongly urged on the Government the grant scrip to the Regina volunteers and scouts of Moose Jaw and other places and teamsters who took part in the rebellion. Hon Mr. Caron in reply said that with the new argument which Mr. Davin had presented, he would reconsider the claims of the Regina volunteers and hoped to be able to meet them. Mr. Sproule ably seconded Mr. Davin's remarks and ably urged the claims of the scouts, police and others to scrip.

The bucket shop bill and the bill amending the Territories real property act, were read a second time to-day.

OTTAWA, May 7.—The Cabinet has appointed Chief Justice Ritchie of the Supreme Court, to act as administrator during the interim between the departure of Lord Lansdowne and the arrival of the new Governor-General.

The Russell election takes place to-morrow. Edwards and Macintosh are the candidates. The election promises to be close.

The Manitoba senators and members had an interview with the Privy Council on Saturday to urge the claims of the Hudson Bay railway to a Dominion subsidy. The request for government aid was put in an alternative way, either to take the form of a money grant of \$3,200 a mile from Winnipeg to the Saskatchewan or a government guarantee of interest on an issue of bonds to the amount of \$6,000,000 at four per cent. The deputation stated that if the request was granted Messrs. Oudendunk and Mills, of New York, were prepared to build the road. Sir John would not promise anything, but a Cabinet meeting will be held.

Rev. Mr. Brick, Church of England missionary stationed in the Peace River district, Athabasca, in a sermon in St. George's church last evening, said there had been a rabbit famine for the past two seasons in that district and that large game has nearly all disappeared, and the Indians were in consequence in a starving condition, and that unless relief were speedily furnished many of them must soon die. He instances cases where they had kept body and soul together on boiled leather and old moccasins. Many were now subsisting on horse flesh and several cases of cannibalism had been reported. In one case a woman had been shot and the body devoured by hungry savages. These were not treaty Indians, but he thought the government should do something for them.

OTTAWA, May 8.—The election in Russell county for the House of Commons yesterday, resulted in the return of W. C. Edwards, Liberal, who defeated Charles Macintosh, editor of the Ottawa Citizen, by about 250 majority.

A petition was presented in the Commons this afternoon from the Northwest Council, praying for the introduction of the new system of government there.

Mr. Thompson introduced a bill to amend the Northwest Territories Representation Act, providing that the day of the general elections for the Dominion Parliament, shall be the same in the Territories as the rest of Canada.

Mr. Davin moved that it is desirable that the unsettled claims of those engaged either as scouts, police or volunteers in putting down the rebellion in 1885 in the Northwest, or guarding places liable to attack while holding themselves in readiness to march to the front should occasion demand, shall be re-considered. Speaking in support of this resolution, Macdowell urged the claims of the Battleford home guards who, being regularly enrolled militia, were entitled to scrip.

Sir John said there was no objection to the re-considering of the matter, and no disposition on the part of the Government to refuse claims which might be shown to just.

#### Campbell, Liberal Elected.

CHATHAM, Ont., May 3.—Archibald Campbell, Liberal, was elected in Kent yesterday over Henry Smith, ex-M.P., by a hundred and nine of a majority. Campbell was unseated for bribery. His majority at the last election was a hundred and twelve.

#### Will Quit Work.

TORONTO, May 3.—Three hundred painters will quit work to-morrow morning, their demands having been refused by the bosses.

#### Northwest Council Nomination.

PRINCE ALBERT, May 3.—At a large and influential meeting held here last night A. H. Clarke was unanimously no member for Prince Albert for the Northwest Council.

#### Election of Officers.

WINNIPEG, May 3.—The Liberal Association met last night and elected their officers. Nomination of candidates to contest Winnipeg in the local elections will take place next week. It is understood that W. W. Watson, W. F. Luxton and Hon. L. M. Jones will be the nominees of the convention.

The bill cancelling the printing contracts with the Call and Le Manitou, passed the second reading in the legislature yesterday by seventeen to eight, after a bitter debate in which the majority of the members took part.

#### Democrats Wiped Out.

ST. PAUL, Minn., May 3.—The result of the election here yesterday is that the Republicans secured control of the city council, thus wiping out the corrupt Democratic ring, which for twenty-five years has dominated the affairs of the city.

#### The Emperor Better.

BERLIN, May 5.—The Emperor is better to-day. He took a short walk.

#### An Indian Beaten.

RUSKIN, May 5.—An Indian tepee about nine miles from town by two men about twelve o'clock last night. The Indian attempted to frustrate their inhuman designs and they beat him unmercifully. The police are now in pursuit of the men.

#### Seven Persons Burned to Death.

ANASTROT, Nels.—The house of widow Freese, one mile from here, was burned this morning and the whole family of seven persons were burned to death. The hired man is missing and there is suspicion of foul play.

#### Blaine Will Re-consider.

NEW YORK, May 5.—It is reported on good authority that Blaine has consented to re-consider his declaration and become an aggressive candidate for the Republican Presidential nomination.

#### Drops Dead.

WINNIPEG, May 5.—James Dobier, a well known citizen, dropped dead of heart yesterday. He had just eaten dinner and appeared in good health.

Reports from different parts of the province show the wheat to be an inch above the ground in some parts.

A cable from Australia says Kemp beat Hanlan by five lengths in a boat race to-day for the championship of the World. There are no particulars.

#### More Immigrants.

MONTREAL, May 5.—Four ocean steamers arrived with eleven hundred immigrants on board, nearly all of which went to the Northwest.

Owen Murphy, member of the legislature for Quebec West, is to be taken into the Mercer Cabinet as the representative of the Irish catholic element.

### LORD STANLEY

#### OF PRESTON BANQUETED BY THE CANADA CLUB.

Campbell, Liberal Elected for Kent by 100 of a Majority—Painters Will Quit Work.

LONDON, May 3.—Lord Stanley of Preston was banqueted by the Canada club to-night. Chamberlain wrote regretting his absence and said his visit to Canada had increased the interest and pride he had always felt in the greatest British colony. Lord Stanley said he was going to fill a position where all must be done for the state and not by the party. He entirely repudiated the insinuation of Premier Mercier that he was going to Canada to force Imperial federation upon the Dominion.

It is reported that orders have been received at Portsmouth to dispatch six torpedo boats to reinforce the British squadron in the Mediterranean.

#### The Massacre of the Chinese Miners.

WALLA WALLA, W. T., May 4.—Three weeks ago there were published meagre accounts of a massacre of Chinamen on Snake River, just above the mouth of the Imnaha. The full details have just become known. A party of men consisting of Bruce Evans, Ned Canfield, Homer Larue, Robert McMillan, Carl Hughes, H. Maynard and Frank Vaughan, of Walla Walla, entered into an agreement nearly a year ago to murder these Chinese miners for the gold dust which it was thought they possessed, and the men agreed that if any of the party divulged the plot they should kill him. Hughes did not like the idea of committing the deed, and would have no hand in the matter, but at this time he was stopping with the parties who committed the deed. A short time after that all the men but Hughes went down to the Chinese camp and opened fire on the Chinamen, killing them all, ten in number, and then put the bodies of all except two into the boat which the Chinamen had used and scuttled it. They then secured all the money and gold dust they could find, amounting to between \$4000 and \$5000 which was given to Canfield to sell for coin, and after he got possession of it he left the country and the rest of the party got nothing. The Grand Jury took hold of the matter but it is not known just what they did, but Vaughan has made a confession in accord with the above. All the parties have left the country except Vaughan and Hughes. Wednesday evening Hughes was arrested and taken to jail. What will be done with Vaughan is not known, but as he has turned States evidence it is thought he will be held as a witness against the others. There is little probability, however, that they will ever be brought to justice.

#### "He Went to It."

LONDON, May 5.—At a banquet here last night Joseph Chamberlain declared that he would never again ally himself with the liberal party. In the course of his address he spoke of the organization of a new party to be called the Unionist or National party, which would unite dissenting Liberals and Tories. The Tory party he declared was dead and Gladstonians had become Pamellites pure and simple and had not advocated liberal measures.

#### American News.

WASHINGTON, May 5.—Dr. Knight of Jacksonville, Fla., has made a report to the Surgeon General in which he states that at Plant City, a place of three or four hundred inhabitants, fully one-third are stricken with yellow fever. There have been 16 deaths from the same.

HELENA, Mont., May 5.—The fire is still raging in the Mullan Tunnel on the Northern Pacific railway, and is not yet under control.

SALT LAKE CITY, May 5.—The boarding houses, shops, hoisting works, supplies, etc., of the Eclipse mine at Little Cottonwood, was burned yesterday, with a loss of \$100,000.

BOISE CITY, Idaho, May 5.—The Republican Territorial Convention yesterday passed a resolution against the annexation of any portion of Idaho to Washington Territory or the division of Idaho in any manner whatever. Also a resolution against the repeal or any modification of the so-called Mormon test oath.

NEW YORK, May 5.—At to-day's session of the General Methodist Episcopal Conference, the eligibility of women delegates to seats on the floor was discussed at length. Dr. Brush, president of Mithell University, Dakota, and others, spoke in favor of admitting women delegates. When the recess was taken no conclusion had been reached.

Lord Henry and Lady Grosvenor and surgeon general Tippetts of the British army arrived to-day from Kingston, Jamaica on the steamer Alvena.

CHICAGO, May 5.—The great strike of the engineers and firemen on the Chicago Burlington & Quincy railroad is declared off. It is believed that a number of the old men will be taken back, but many have looked for situations elsewhere.

J. J. O'Brien, a member of the press committee of the striking "Q" engineers said to-day: "The statements declaring that the strike is off are wholly erroneous. The strike is still on, and will remain so till some compromise is effected between the engineers and the company. The strike on the Burlington & Northern, however," O'Brien added, "is still declared off."

At Galensburg yesterday the coroner's jury decided that Albert W. Hedberg, the Chicago Burlington & Quincy fireman, who shot the two strikers, Herbert Newell and George Cable, acted in self defence. By the advice of his attorneys however, Hedberg still remains in jail. A warrant charging him with murder was sworn out yesterday by Newell's brother. Newell was buried yesterday and during the services the Mayor ordered all the saloons to be closed. The shooting caused a hard feeling and the chances of a riot are strong.

PITTSBURGH, May 5.—Master Workman Doyle has declared the strike at the Edgar Thompson steel works at an end.

NEW YORK, May 5.—The second National Republican Anti-Saloon Conference began this morning. Delegates from all the states are in attendance.

In the secret session to-day Senator Sherman reported back the Chinese treaty from the Senate Committee on Foreign Relations with the recommendation of the Committee that it be ratified. The Committee has two minor amendments, one providing that the prohibitional features of the treaty shall apply to those who are now absent from the country, regardless of any certificates they may hold. The other requires that all classes be privileged to return upon presenting certificates issued subsequently to the present time.

#### Disastrous Hail Storms.

LONDON, May 7.—Despatches from India announce that Delhi and Moradabad have been visited by severe hail storms. About a hundred and fifty persons having been killed. At Racebat in Bengal, twenty persons were killed, two hundred severely injured and two thousand huts destroyed by hail stones.

#### Conductor's Convention.

TORONTO, May 7.—The Order of Railway Conductors opened in convention here to-day. Over six hundred delegates came in last night.

Lord and Lady Lansdowne and staff arrived here this morning. An elaborate programme has been prepared for their entertainment while here.

#### The Emperor Again Feverish.

BERLIN, May 7.—The Emperor was feverish again last night and he was frequently disturbed by an increased discharge of pus.

Later—Another abscess has broken in the Emperor's throat.

### HANLAN BEATEN

#### BY KEMP IN A SCULLING RACE FIVE LENGTHS.

A Car of Dynamite Explodes Killing Seven Persons and Wounding Many Others.

SYDNEY, Australia, May 7.—A sculling match took place on Saturday between Peter Kemp, of Australia and Edward Hanlan, of Canada, over the Paramatta course. Kemp took the lead at the start. Hanlan's boat came in contact with Kemp's before the mile post was reached and Kemp stopped and let Hanlan pass and then went after him, when off Gasognes Bay Hanlan crossed the bow of Kemp's boat and again fouled him. Kemp got clear and proceeded, winning by five lengths. An enormous crowd witnessed the race.

#### Seven Persons Killed.

SHAMOKIN, Pa., May 7.—A car loaded with dynamite on the Philadelphia & Reading railway while passing through locust gap, killing seven persons and wounding over twenty others seriously, burning eight houses, levelling four more blocks to the ground and wrecked hundreds of others.

#### Fire in a Church.

RAT PORTAGE, May 7.—After the service last evening in St. Alban's church, a chandelier of kerosene lamps fell scattering the fire in every direction. Mrs. Stundon is severely burned in the lower limbs. Rev. Mr. Stundon and several gentlemen who assisted in suppressing the flames have suffered more or less. The damage to the church is slight.

#### Pacific Coast News.

SANTA ROSA, Cal., May 5.—Last night Joseph Frye, a Mormon, was arrested upon the supposition of his being one of the men who robbed the stage near Cloverdale last week. He acknowledged his complicity in the robbery, but said he was led to the deed by his brother-in-law, Eugene Prens, who lives in San Francisco. Frye says after they had robbed the stage and were overtaken by the officers, he wished to surrender, but Prens said he would rather die. Prens then turned and fired, killing Constable Creigley; the man with the constable returned the fire, hitting Frye in the arm. Frye says nothing about the other robber who was killed by the officers.

SAN FRANCISCO, May 5.—A Washington says that charges have been received here reflecting upon H. W. Bash, shipping commissioner at Port Townsend. They allege that Bash has been a party to many abuses against seamen permitting them to be shanghaied and shipped while in a state of beastly intoxication. He is also represented as being a friend of powerful mill owners, who own all the large vessels doing business at the port and working in their interests against poor sailors.

LOS ANGELES, May 5.—Charles Cox fatally shot James Ralph yesterday, the result of a quarrel at a dance.

The light rain which fell last night and this morning caused a drop of 5 cents in wheat options and 8 cents in barley at the morning session of the call board.

A shooting affray occurred in Chinatown this afternoon between Tsung Joong, Huey Sing, Chu Young, and Chim Teong, which resulted in the death of Sing and the fatal wounding of Teong and Young. It is believed that the shooting was owing to the murder of a Chinaman named Hoy several months ago.

Later—Chung Gut Young died from the effects of his wound this evening. The jury in the case of John Johnston, charged with murdering Capt. Williams, of the ship Occidental, brought in a verdict of manslaughter this evening.

The Pacific Coast Steamship Company to-day received a despatch from Captain Alexander at Port Harford stating that work on the sunken Queen of the Pacific was progressing favorably and he expected that she would be alongside the wharf by to-morrow.

At the Cobourg assizes yesterday, in Heald's Rivers, an action for seduction of plaintiff's daughter, a verdict was entered for plaintiff.

Quite a sensation has been made by the speech of the Adjutant-General of the British Army, Gen. Lord Wolseley, at the dinner to Sir John Pender, Lord Roseley, after calling attention to the disgraceful condition of affairs in the British army and navy, and to its lack of preparation for emergency, said: "We live in times when, I think, it behooves the people of England to know not only the truth, but the whole truth with respect to England's army and navy. We see all the nations of Europe—certainly all the great nations of Europe—with the one exception of England, armed to the teeth. As you look around on the political horizon of Europe you can gather nothing promising from it. The storm which threatens both certainly no good to this country."

The eruption of the volcano Ayon in the Philippine Islands, buried 12 men and killed many cattle. A fire at Hanoi on 27th March, besides destroying \$100,000 worth of property caused 13 persons to lose their lives.

## Fisheries Treaty.

WASHINGTON, May 2.—The President is said to be angered at the action of the Republic Senate caucus which decided that the fisheries treaty should not be ratified. He has threatened it is reported that if the senate rejects the treaty to put into effect immediately the Canadian retaliatory resolution adopted by Congress at its last session. These retaliations can be made to prohibit commercial relations between the United States and Canada. The President feels that in presenting the treaty for a settlement of the Atlantic fisheries dispute he has made an offset to the retaliatory acts of Congress. He says that if the Senate is not willing to consider the treaty he is absolved from all responsibility for any retaliatory legislation and can conscientiously put the Act into effect at any moment. If the retaliatory resolutions were put in force all railroad business between the two countries except that of passengers and mails would be at an end; no coal could be brought from British Columbia to the Pacific States. The President will only enforce retaliatory legislation in the event that the Senate refuses an impartial consideration of the treaty, but he is afraid that the Republicans in the Senate will not take any action in the subject until next session of the present Congress when it may be too late for him to put the retaliatory bill into effect.

## DISTRIBUTION OF SEATS.

What a country becomes, often depends very largely on the men placed in position to look after the public affairs in its early history. Alberta is now at a critical period in her history, a period when her provincial rights want to be well looked after, a period when prompt action is required to see that justice is done her in the organization of the legislative body, in whose hands will be placed to a large extent the destinies of the western Territories of Canada, which are soon to rise to the position of populous and important provinces, becoming to the Dominion of Canada what the western States have become to the union. The great source of agricultural wealth for the confederated provinces. Alberta for a score of reasons is destined, with fair play, and not being handicapped by holding an inferior position in the Legislative Councils of the country to take a leading position amongst the provinces, which must very soon be formed in these Territories. Every one who wants to know the truth must have learned before now that the resources, climate and soil of Alberta are ahead of all other parts of the Territories, and that all Alberta wants is a fair field and no favour in the matter of legislation. Fair and equitable rates of freight and passenger fares from the C. P. R. and justice at the hands of the Dominion Government in the expenditure of money for immigration purposes and for public works, with these accorded to this district it will go ahead and astonish the rest of the Dominion. At the present moment the question of a fair distribution of seats in the Northwest Council is the important thing to be looked after. We thank his Worship the Mayor has done well to call the attention of the people to the injustice which our telegrams indicate is likely to be done to Alberta and Saskatchewan in this matter. Calgary is the commercial centre and is looked to for action in matters of general interest. Let something be done by ourselves in our own interest at once. We have to add that the delegates inform us that an arrangement was entered into while they were in the Government Northwest member's list was to have as follows: Two for Calgary and one for Edmonton, one for Red Deer and one for Macleod. Saskatchewan was to have five members, so that Alberta and Saskatchewan would have representation equal to Assiniboia. Why the reduction indicated in telegrams, if correct, was made we do not know.

## OTTAWA NEWS.

### PARLIAMENT TO BE PROLONGED ON THE 19TH.

**Male, Liberal, of Carleton, N. B., Will Support the Government—Military Review.**

OTTAWA, May 8.—Parliament will be prorogued on the 19th. Lord Lansdowne sails on the twenty-fourth.

Hale, elected by the reformers of Carleton, N. B., will in future support the party Government.

A grand military review will take place in Ottawa on Dominion day, in which Toronto, Kingston, Montreal, Ottawa and other districts will take part, including the military college cadets.

It is learned that at a private meeting held here last week at which Andrew Onderdonk, D. D. Mann, James Ross and Hugh Sutherland were present, assurances were given and arrangements made for the construction of two hundred miles of the Hudson Bay railway, conditional on the Government giving a guarantee on bonds as asked for by Sutherland.

The Committee of the Senate which has been investigating the resources of the Mackenzie river basin, presented their report to-day. The evidence submitted by the committee points to the existence in the Athabasca and Mackenzie valleys of the most extensive petroleum fields in America, if not in the world, and it is recommended that a tract of country about 40,000 should be reserved from sale in order that its value may be more accurately ascertained by exploration and practical tests. The committee recommend that land locked Hudson, Boothie and other bays as well as fishing grounds be protected against foreign whalers.

### CABLE NEWS.

LONDON, May 2.—The Toronto have defeated the County Down by 4 to 1, concluding the most remarkable tour in the annals of British sport. They have gone through the length and breadth of the Kingdom, meeting all the picked teams yet they have found no equal to them in strength, and few of them worthy opponents. The tour has certainly done much to educate British Lacrosse players. The remainder of their visit will be devoted to pleasure. To-day they drove to Mount Stewart, the Lord-Lieutenant's residence. To-morrow they commence a drive around the coast.

The Grosvenor Gallery, to which all fashionable London is now flocking, includes portraits of Sir George Stephen and Sir John Rose, by Hall. The Times says that the former is a capital presentation of the energetic, clear-headed founder of the Canadian Pacific Railway. The Standard to-day charges the Canadian Pacific Railway Company with concealing their true mileage from the public by omitting to add the Algoma branch in the mileage in their statement though including the freight earnings on the same. The prosecution of the case of Madame E. Des Delras at New York demonstrated in court how the spook pictures are made. Col. Bob Ingersoll has accepted the joint invitation of the New York legislature to deliver the memorial address on Roscoe Conkling.

The former Burlington road engineers and firemen insist that the strike is in progress, and say that they will fight it out if it takes all summer.

The Canadian Government's decision to introduce a new loan bill is regarded in city circles as a natural and prudent course. Canada's credit never stood so high as now, and she will certainly be able to negotiate a loan here on more favorable terms than ever before.

Navigation on Lake Champlain was resumed yesterday.

The Atlantic machine works is east Boston were burned yesterday.

Bishop Jansen was consecrated Catholic Bishop of the new diocese of Belleville, Ill.

Three ten-year old boys were arrested in Boston yesterday in the act of robbing a house.

The Massachusetts Republicans have pronounced emphatically for protection and Blaine.

William Bullock, of Newark, N. J., shot his wife four times yesterday and then shot himself.

James Smalley, of Sycking, Mo., became insane last night and murdered his two children.

Chauncy M. Depew said yesterday he did not aspire to the Presidency, and was not a candidate.

Samuel Dew shot and killed assistant City Marshal Edward H. Davis, of Nelsonville, last night.

The evidence in the Ford trial for wife poisoning at Hudson, N. Y., is very damaging to the accused.

Philadelphia's two female lepers have escaped to Brazil much to the gratification of the Quaker citizens.

The High School building in Concord, N. H., was burned yesterday. 34 pupils were got out safely.

New Haven, Conn., celebrated her two hundredth and fiftieth anniversary on the 28th by a grand parade.

The Democrats of the Tenth Pennsylvania district yesterday nominated Horace L. Haldiman for Congress.

The five provinces declared in a state of siege in Cuba contain over one hundred cities, towns and villages.

Rev. Dr. William F. Morgan, of St. Thomas' Episcopal church, New York, has retired on account of age.

The strikers at the Edgar Thompson steel works, Braddock, Pa., will have a conference with the management.

### BATTLEFORD.

Saskatchewan Herald: The poles for the renewal of the telegraph line from Clarke's Crossing to Prince, Albert are all on the ground, and the work of setting them will be begun at once. The poles are of tamarac, and were cut and delivered by Baptiste Boyer, of St. Laurent.

Mr. Slattery of the old Glen farm Midnapore, has three acres of spring wheat three inches above the ground.

### Bishop Finham.

The Bishop of the diocese, who is at present acting as rector of Calgary in the absence of the rector, Rev. A. W. F. Cooper, desires to acknowledge the receipt of an anonymous gift of ten dollars received yesterday, and to thank the unknown donor for the same which has been handed over to the people's warden.

### Severe Decident.

Mrs. Cheving, who resides near the Elbow River about two miles from Calgary, was very severely injured yesterday by a kick from a horse. When Mr. Cheving brought in his team from the plough yesterday, his wife was standing near the

horses and stepping behind one of them to pick up a rope, the horse kicked her with both feet in the face, knocking her several feet and on the ground for some time. Dr. Houghton was at once sent for and done all he could for a while, but the wounds are so bad that she cannot open her mouth and it is impossible to tell the extent of her injuries.

Captains of fishing vessels at St. John say that the amount of halibut caught is not as large as that of last year this time. About the same number of codfish are caught. Lobsters are scarce. Gasperaux are selling at 60c. per hundred.

There are probably very few Methodists of the present day who are aware that a prayerbook was at one time used by their denomination. It is a fact, though, and a copy of it is still in existence and the property of Mr. J. Engell, of Ottawa. It is a version, or rather a reversion of the Church of England prayerbook made by John Wesley in 1784.

The New Brunswick Supreme Court has overruled the objections raised by Editor Hawke and that gentleman went to jail.

An action for libel against Mr. Mathewson, of Montreal, arising out of his evidence before the combine committee, will be held.

### Great Injustice to Alberta.

To the Editor of the Herald.

Sir,—I notice in the paper to-night that in the new bill (giving us a new form of government) now before the house, that Alberta and Saskatchewan are only to receive four members each, whilst Assiniboia gets eleven. This sir, I think very very unfair and unjust to the district of Alberta and Saskatchewan, and should be met with the strongest opposition from the people of both those districts.

Besides being unjust it puts us to a very great disadvantage in the new council, we shall be entirely at the mercy of the Assiniboia members. I think we in the Calgary district should meet at once and discuss this matter, as it is of vital importance to us all. I am, sir, yours truly.

A. E. SHERRON.

In the Quebec criminal court yesterday, the demurrer to the indictment in the Mercier-Creighton libel case was argued by counsel.

ADVICE TO MOTHERS.—Are you kept awake at night by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children. Teething is a terrible suffering. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Colic, Wind, Bloating, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

### DEWDNEY FOR THE INTERIOR.

Speculation is rife as to will fall heir to the responsible position of Minister of the Interior, now vacant, through the death of the late Hon. Thomas White. Many persons express the opinion that Sir John has his selection made, although he has not made it public. We do not agree with this opinion. The death of the late Minister was so sudden and unexpected, that it must have taken Mr. John Macdonald as much by surprise as it did the community. Of course as soon as Sir John has had time to recover from the shock personally, and to realize the shock which the ministry and the country have sustained in the loss of Mr. White, he will set about making a selection. The country cannot afford to have so important an office as that of Minister of the Interior vacant for any length of time and have the great Northwest affairs administered by other ministers who have their hands full already. All who are at all conversant with the history of this country since it was opened for settlement and made accessible through the building of the C.P.R., will remember what a lack of attention there was to Northwest affairs and how muddled they got when Sir David Mupherson was minister of the interior, but was too ill to look after the administration of the business of this country. At that time Sir John was placed in a difficult position or rather delicate position. Sir David was sanguine of early recovery and was anxious to serve his country and consequently did not resign until his medical advisers ordered him to the south of France for his health. The case is different now the vacancy exists, the country has grown, and is growing there is twice as much work in connection with the department of the interior now as there was then. The statesman who was last at the helm was a man of more than ordinary ability and of extraordinary devotion to the work of his department, so that whoever follows him will have no small task to keep up to the standard of the late holder of the Northwest portfolio, without saying anything about increased work as the country develops. There may be many men now in parliament of equal ability with the Hon. Edgar Dewdney whom Sir John might choose for the position, but ability is not the only requisite to qualify a man for going into harness at once and effectively. Experience, in and a good knowledge of Northwest matters are essential qualifications, and in these certainly our present Lieutenant-Governor is head and shoulders above any other man whom Sir John could select. It is to be hoped that Sir John will see his way clear to separating the portfolio of the Interior from the Indian department. The late minister had undertaken to administer the Indian department which put more work on his shoulders than his constitution could bear, the mistake should not be made again. If Sir John has another man in view for the Interior, let him give our present Lieut. Governor the entire superintendence of Indian affairs, his experience in the Northwest is of too much value to the country to have its light put under a bushel. If Mr. Dewdney should be given the portfolio of the Interior, of course he would get the vacant Northwest senatorship.

### SHALL THE COUNTRY BE FENCED.

How much side walk shall we have built this year, and how soon will it be built? In the present state of the town finances it is prudent to go slowly and prudently with the expenditure of money

on new work. A very large amount of public improvements were made last year. The fire hall wall built, the steam engine bought, a lot of money was spent on hose and other fire appliances; the Elbow River bridge was built, at a cost of over \$3,000. A grant of \$1,500 was made to the western Bow River bridge. The old debt for chemical fire engine amounting to over \$2,000 had to be paid this year. A large sum was spent on water tanks, considerable was spent on streets and laying side walks. As a result of all these things, the present council when they came into office, with a depleted treasury and an over drawn bank account of somewhat up to near \$2,000.

We do not reflect far one moment on the old council. There were some mistakes made and they do not deny it. At the same time the fact remains that there was a considerable floating debt on the town to be provided for, when the present council came into office. So far no new work has been undertaken to speak of, and little but the running expenses incurred. There are some improvements which it is really necessary to make, and which the town will surely be able to stand. There should be at least 5,000 lineal feet of side walk laid this summer. Although it is considered that we got side walks very cheap last the Calgary Lumber Company have offered to build them still cheaper this year, and of the best material, very little wide walks are needed now. In fact a 4 feet walk costing 22 cents per foot will be ample in most places. The Calgary Lumber Company are willing to go on with the work, and use the paper of the town till money begins to come in from taxes. We think under the circumstances at least \$1,000 worth of side walk should be laid at once.

A small amount of money must be spent on the streets in such places as McTavish street near Knox church and in front of the Massey Manufacturing Company's office, and on Stephen Avenue west, Dewdney street leading to Langevin bridge must have something done on it. The Ottawa Government at an expense of over \$20,000 has given us a splendid bridge across the Bow River at the foot of Dewdney street, and it is as little as the town can do to spend a few hundred dollars in making the road passable to the bridge. Mr. Andrew Kennedy who built the Langevin bridge offers to put in the two lineal feet which are needed and make a reservoir at the spring on Dewdney street from which the tanks of the town can be filled with a bit of probably ten feet less and an average of 500 feet less than that from the Bow River, and wait for his pay a reasonable time. Filling the tanks from the Bow River has been a terrible strain on the engine and should be avoided. If Mr. Kennedy's offer is as low as any one else will do it, the work should be proceeded with without further delay. These matters have been before the council a couple of times, but from the pressure of matters in connection with the bridge, they have been crowded out.

### SHALL THE COUNTRY BE FENCED.

There is nothing more needed both in country and town, at the present time than fencing material. There is no way to get the most important part of the fence of a kind that is any good, namely, cedar posts, except over the C. P. R. The C. P. R. seem to know the fact, and to have decided that neither the country nor the town shall have fences. They charge about three times as much freight on cedar posts, from the mountains to

the prairie part of the country, as the same railway and other railways charge for the same distances, where there is competition, people will not, they cannot buy fencing at the prices that must be charged, so long as the C. P. R. place an embargo on the the business. It is strange that the C. P. R. will persist in so stupid a proceeding. The C. P. R. own lots of prairie lands along their line that they want to sell to farmers, and yet are doing the one thing which more than almost any other thing they could do to prevent that settlement. The only kind of post that can be got, is the miserable spruce trunk which grows along the streams, this side of the mountains. The stuff is not worth planting for posts, the life of a spruce post, as has been proved in many a place, even in this new country is not over three years till it rots off at the ground. The mountains are full of good cedar, right along the trunk, and it is getting destroyed every year. The life of a good cedar post is not less than twenty one years and is probably twenty five years. We are told by lumber dealers that they have applied in vain to the C. P. R. for a rate that will make it possible to handle posts. Now, is this kind of thing to last? Is there no body connected with the C. P. R. and in the department to which this matter belongs, who knows enough or cares enough or will learn enough to make them take up this important matter and deal with it in a commonsense manner. The people are crying out for fencing, wire can be got and also boards, spruce though not a good lumber for fencing will last fairly well when placed so it does not touch the ground, but when placed in the ground it rots off at the surface in almost no time, then the whole fence is lost, as the lumber gets knocked to pieces by the posts falling down, or in taking it off after the posts rot. No little reduction of a few cents on the 100 pounds will not the post business moving, we might stand twenty five per cent more than Ontario prices for hauling posts to make up for the extra expense of working the line here as compared with the east, but not more.

Our School Taxes Endangered.  
To the Editor of the Herald.  
Sir,—I wish to write a few facts about an important case now pending in law between the court of appeals at Regina and the supreme court at Ottawa. It is the case of Angus et al vs. the Calgary school district. It is one of vital importance to the ratepayers of Calgary, because the issue is somewhat doubtful and the amount involved is sufficiently large with the costs involved, to very seriously cripple our school fund, should Angus & Co. succeed in their persistent and selfish purpose to avoid paying the taxes fairly levied upon their property in this town and only in due proportion as their lands are benefited and rendered more valuable by the outlay expended upon the property of our citizens in its immediate vicinity. Judging from the course which is being pursued by these town site trustees, it seems as if the very foundation of their purposes from the beginning was to leave no stone unturned to enable them to avoid contributing to the lawful and necessary burden of the people. The first thing these philanthropic gentlemen did was to conceal their identity for years, our people supposed they were buying from the Northwest Land Company, but when the council of 1885 levied taxes upon what was believed to be the un-sold lots of this company, they appealed to the high court of justice in Calgary under Judge Travis, and their pleading was something like the man who was hauled up for keeping a vicious dog. He said in the first place my dog didn't bite the man and in the second place I don't own any dog. Judge Travis decided against them and in favor of the town. They then took the case to the court of appeals at Manitoba. Whilst the case hung there for some months, the supreme courts and the court of appeals were established in the Territories. When in accordance with all former precedents all cases arising in the Territories and not called in Winnipeg should have been referred to the court of appeals at Regina. Fearing our advantage in this direction, one of the most crooked little acts of cooked legislation was carried through at Ottawa. This was the passing of a special act to allow all cases then pending before the court of appeals at Winnipeg to be kept there, near the head office of the Northwest Land Company until disposed of. The result was foreseen, a mere quibble in the ordinances gave the result the excuse to let the company go scot free, our town had to lose not only the taxes, but a large bill of costs. Then followed the present case in which they have appealed from the assessment of the school trustees on the ground that the municipality and not the trustees should have made the assessment. The supreme court here decided that the school trustees were right, then they appealed to Regina where they were defeated a second time, and three out of five judges confirming the decision given at Calgary. It was then thought that with the judgement of two courts concurring that their dishonest purpose, they

would pay up and shut up, but not so with the tenacity of the devil fish that Victor Hugo writes about, they make another splash and whine to the supreme court at Ottawa, but thanks to the fate here they meet a nigger in the gate. There is no appeal to the supreme court in any case where the appeal originates from a court inferior, to a superior court. The court of revision of the school trustees is inferior in law to a superior court. When Mr. Blocker, acting for the trustees, informed the board of this the trustees felt at length they were about putting their hands on those much needed taxes, when on Saturday last they were informed that amendments were being made to the supreme court act to allow cases from an inferior court to be brought before this court in appeal and that this was being urged persistently by the member for West Assiniboia, Mr. N. F. Davis. Can deliberate affronts followed by apophantis service go much further than that? The ratepayers may rest assured that the trustees lost no time in wiring instructions to a few gentlemen at Ottawa in the hope that this measure in legislation, retroactive in its purpose, should if possible be prevented. This all goes to show the ceaseless vigilance required by communities when dealing with corporations backed by money and political power. Faithfully yours, JAMES KEENE, May 7th, '88.

### Because of One of the Ablest Preachers in Canadian Methodism.

Rev. Dr. S. J. Hunter, pastor of the Centenary Methodist church, Hamilton, died on the 29th ult. His brother, Dr. W. J. Hunter, of St. Catherine's, and Rev. Dr. Parker, of Toronto, were with him to the last. Rev. Dr. Hunter was born in Phillipsburg, Quebec Province, in 1843, and was the son of Mr. John Hunter, a native of county Tyrone, Ireland. He began to preach at 18 years of age, and was stationed for six years at Montreal. He then came to Toronto, where he remained for twelve years, six of which were spent in Eliza street church, three in Queen street and three in Sherbourne street. In 1885 he was called to the Centenary Church, Hamilton. He was a clergyman of great ability as a pulpit orator, and one of the leading men of the Methodist church. Two brothers Rev. W. J. Hunter, D. D., and Rev. H. D. Hunter, are prominent divines of the Methodist church.—Toronto News.

Deep to call the attention of the inhabitants of Calgary to his system of sinking wells and securing a good supply of pure water.

The accompanying cut represents a tube well driven through the surface soils and subsoils and subsoils until the water bearing strata is reached. The pump is applied with straight connections to the tube well; this has an important bearing on the yield of the spring, the weight of the atmosphere being removed by the pump from the surface of the water in the tube well, this, as regards the velocity of the flow of the spring, is equivalent to drawing the water from thirty-five to forty feet deeper than is possible when the weight of the atmosphere presses on the surface of the water. The increase in supply under these conditions is equal to at least forty per cent. It is impossible for the well to get out of the water to be contaminated in any way whatever, and the process is cheaper and quicker than the old mode of well sinking.

# OTTAWA NEWS.

## THE NORTH-WEST COUNCIL POWERS.

Increased Salaries for Coming Members Several Points in the Bill About Settled.

OTTAWA, May 2.—Further details of the Northwest Government bill introduced today that state the salaries of a number of members will be \$300 and \$200 to local expenses with travelling expenses in both cases. The seasonal compensation to members will be subject to deduction for absence from the chamber. The Speaker will be elected by the assembly and will receive a salary of \$500. The clerk will be appointed by the Lieutenant-Governor in Council and shall also be secretary to the Governor, and will receive \$2,000 per annum. All these amounts are to be paid from the Consolidated revenue funds of the Dominion.

The boundaries of the electoral districts are also defined in the bill as brought down. They are as follows: Assiniboia will have eleven members, distributed as below—one member each in Mooseomin, Wallace, Whitewood, Souris, Wolesey, South Qu'Appelle, North Qu'Appelle, South Regina, North Regina, Moose Jaw, Medicine Hat; Alberta will have four members namely—Calgary one, Red Deer one, Edmonton one, McLeod one; Saskatchewan four members, namely—Battleford one, Prince Albert one, Batoche one, Kinstino one.

W. D. Perley, M.P. for East Assiniboia, had an interview to-day with A. M. Burgess, Deputy Minister of the Interior and H. H. Smith, Land Commissioner. It is arranged with them that settlers who could not pay principal or interest on their pre-emptions as demanded in recent circulars, issued by the Commissioner, can have an extension of time for payment of arrears as well as principal, on making known the facts to the Commissioner at Winnipeg. All settlers who are in arrears and wish to hold their pre-emptions should therefore write to H. H. Smith, Esq., Dominion Lands Commissioner at Winnipeg at once.

CAATHAM, Ont., May 2.—The election for Kent takes place to-morrow. It is thought that the election will be a close one, but that Mr. Smyth, the Conservative candidate will be elected.

### A Hole 9,000 Feet Long.

ST. PAUL, Minn., May 2.—The officers of the Northern Pacific railway say that the crews of men which are working on a big tunnel through the Cascade Mountains will meet to-night, letting daylight throw a hole in a solid rock nine thousand feet long. The tunnel was commenced two years ago and will cost, when completed, two million dollars.

WASHINGTON, May 1.—The House, in answering the demand for investigation of the Alaska Commercial Company by adopting Mr. Conn's resolution, confers authority upon the Committee on the Merchant Marine and Fisheries to investigate without limit the affairs of the company and all matters involved in determining the future policy of the Government as to the management of the fur seal fisheries, and to investigate and report to Congress upon the question of the jurisdiction of the United States over the waters of Behring Sea.

### The Emperor Worse Again.

BERLIN, May 2.—The Emperor's throat is again growing worse. The fever in his system has risen 40 degrees higher, and the case is again very critical.

### British Admiral Drowned.

LONDON, May 2.—Sir Alfred Phillips, Commander of Her Majesty's fleet, was drowned in the Thames to-day. The Admiral has suffered for a long time from insomnia. The drowning was the result of accident.

### Two Duellists Killed.

JACKSON, Miss., May 2.—General Wirt Adams, postmaster of this city and John Martin, Editor of the Mississippiian, fought a duel on the street this afternoon and both were killed. Adams was hit in the head once and Martin twice. The duel was the result of a feud that existed between the two men for a long time.

### Victoria News.

VICTORIA, May 2.—Captain Warren and Mr. Joseph Boscowitz have returned from Sitka. Mr. Boscowitz paid \$3.25 and \$3.50 for the seal skins at the sale. They succeeded in bonding the schooner Sayward but the limit of time had expired in the other cases. A large fleet of seals will leave for Behring's Sea next month. Unless some arrangement is arrived at, or protection afforded them without doubt the crews will protect the property in their charge if molested. It is asserted that several vessels are armed for that purpose.

### Mill Burned.

BRANDON, May 3.—The old planing mill situated on Eighteenth street, near the

railway track, was burned last night. No insurance.

### Condemns the Pope.

DUBLIN, May 7.—All the county of Limerick branches of the national league at their meetings today condemned the Pope's edict against the plan of campaign.

### FROM TORONTO.

The Globe's Special—Farewell to Lansdowne.

Toronto, May 3.—The farewell to Lansdowne to-day was one of the greatest successes ever witnessed here.

The Globe's editor says that the cabinet summary of evidence taken by Schults committee on Mackenzie basin is a striking notice here as further evidence of the great undeveloped resources of the Dominion are brought forth. The Daily News to-day editorially comments on it and says that the day will come when British North America may support a population equal to more than half that of Europe.

### Sudden Death.

BATTLEFORD, May 3.—Fred Marigold, a well known citizen, died suddenly last night. He had been ailing with rheumatism.

### Special Rates.

NEW WESTMINSTER, May 7.—Arrangements are being made by the managers of the Harrison Hot Springs with the C.P.R., by which passengers can have reduced rates of \$2.50 for the round trip between Westminister and Vancouver and Agassiz, from which place they can embark for the springs. The tickets will be good for two days, and also from Saturday till Monday. This action on the part of the C.P.R. brings the Hot Springs within the reach of all who wish to enjoy them, and cannot be too highly commended, and doubtless large numbers will avail themselves of the opportunity of visiting the springs.

NEW YORK, May 7.—The will of the late Roscoe Conkling has just been discovered, dated Utica, May 1887. He leaves his entire estate, valued at \$150,000, to Mrs. Conkling.

PITTSBURG, May 7.—Chairman Jones of the Republican National Committee said to-day that he had no direct knowledge that Mr. Blaine had reconsidered his letter of declination and had given his assent to a movement for the presidential nomination as stated by the Philadelphia Times this morning. He believed that Mr. Blaine meant every word he wrote in his letter.

WASHINGTON, May 7.—Congressman Milliken, of Maine, a close friend of Mr. Blaine, speaking to-day on the statement from Philadelphia that Mr. Blaine will not refuse the nomination, said: "It is an absurd sensation. It is wholly without foundation. I shall be surprised and disappointed as well, if Mr. Blaine writes another letter regarding the political outlook prior to the meeting of the Chicago convention."

A package purporting to contain \$41,000 sent by the American Exchange National Bank of New York, to treasurer Hyatt was upon its receipt to-day found to contain nothing but brown paper. The package was sent through the Adams express company and was opened at the treasury department in the presence of treasurer Hyatt and the officials of the express company. The treasurer refused to receipt for it. The robbery is supposed to have occurred on the train between here and New York.

PARIS, Ky., May 5.—At Clay & Woodford's sale to-day of thoroughbred 42 animals netted \$53,375. Clay & Woodford's 28 head averaged \$1,425.25 each. A full brother to Danvers sold for \$8,200, the highest price ever paid for a yearling at auction. Clarke's 13 head averaged \$946.00.

CHICAGO, May 7.—James Edwards, the switchman assaulted on the Burlington train in this city on Thursday afternoon is dying. None of the men concerned in the attack upon Edwards and the train bands have yet been found.

The striking brewers are as confident as ever of winning, although the bosses state they have all the men they want and are carrying on their business satisfactorily. It is expected that the strikers will have a conference with the bosses on Monday night.

### Vacant Portfolios.

Our Ottawa letter says that the portfolios of the Interior and Indian Department will not be filled till after the session. In the meantime these two departments are being worked by Sir John and the Hon. Mr. Thompson.

### British Columbia Legislature.

Our coast friends express a sense of relief on account of the legislature having terminated its labors. The Vancouver News, says very much and queer legislation was introduced, and at the same time congratulates the Government and the country that the session has closed without much harm having been done.

# CROFTER IMMIGRANTS.

## WILL THEY COME TO CALGARY DISTRICT.

Drury, M. P. for East Simcoe, Gets the new Portfolio of Minister of Agriculture.

Toronto, May 2.—A London cable says that in the British House of Commons to-day, the Lord Advocate stated that the British Government would advance ten thousand pounds to aid in sending out Crofter immigrants to the Northwest. This sum would be distributed in sums of \$600 to each family, in addition to a free grant of 160 acres of land from the Government. The money to be paid within 12 years. The first re-payment to be made in the fifth year. The grant to be administered by a joint board representing the Imperial and Canadian Governments, the subscribers and the principal land companies.

Charles Drury, of Barrie, member of the Ontario Legislature for East Simcoe, has been given the new portfolio of Minister of Agriculture and was sworn in by the Lieutenant-Governor to-day.

### The Kaiser.

BERLIN, May 3.—Much uneasiness is caused by Emperor Frederick who is gradually growing worse.

### Australia Quarantines Against Chinese.

MELBOURNE, May 7.—The Legislative Council of Victoria has ordered that all vessels bringing Chinese immigrants to the colony will be quarantined during the pleasure of the authorities. The steamer Afghan with 26 Chinamen aboard, the landing of whom the authorities here refused to permit has sailed for Sydney where another attempt will be made to land them. It is probable, however, that the attempt will not be successful. At a meeting held in the town hall here yesterday, over which the mayor presided, it was unanimously resolved to demand that the Government impose a poll tax of £100 sterling on each Chinese immigrant with an annual residence tax of £20 sterling.

### Diocese of Calgary.

On the 12th of August last the one hundredth anniversary of the consecration of the first Colonial Bishop, the Synod of the ecclesiastical Province of Rupert's Land unanimously adopted the following resolution, viz.:—

"That the civil territory of Alberta be formed into a separate diocese from the rest of the diocese of Saskatchewan; to be called the diocese of Calgary, subject to the consent of the Archbishop of Canterbury to the appointment of the present Bishop of Saskatchewan, on his choosing either the diocese of Calgary or the diocese consisting of the remaining portion of the diocese of Saskatchewan, which shall continue to be known as the diocese of Saskatchewan, to be Bishop of the the other diocese until such time as, in the opinion of the provincial synod, an adequate endowment is provided or other sufficient provision is made for the Bishopric of Calgary, when the Bishop shall resign either of the dioceses as he shall see fit."

A few days ago the Metropolitan of Rupert's Land informed Dr. Pinkham that he had received from the Archbishop the instrument appointing him Bishop of Calgary. The area of the new diocese is 100,000 square miles, the number of clergy in it is ten. Two or three more are urgently needed and will be appointed as soon as funds for their maintenance can be obtained, and no doubt many more will soon be needed to keep pace with the growing population.

The Bishop is most anxious to open a collegiate school at Calgary to be carried on under his general supervision, but the want of funds and the growing need of the diocese in other respects, have limited the steps so far taken to the obtaining of an eligible site. The diocese of Saskatchewan, although bisected in size by the formation of the new diocese, has still an area of nearly 150,000 square miles. The number of clergy in it is fourteen. Emmanuel College, Prince Albert, who owes its existence to the untiring labors of the late Bishop, is a most excellent institution. It has done a very important work in the past and is likely to go forward under its present warden, Archdeacon J. H. Mackay, who shortly after his nomination to the the wardenship, he declined the Episcopate of a northern diocese.

The Bishop goes to England this summer, partly to attend the conference of Bishops of the Anglican communion throughout the world, to be held at Lambeth under the presidency of his Grace, the Archbishop of Canterbury, and partly to advance the interests of his two Sees. Those who welcomed his advancement to the episcopate and know his energy and devotion, will heartily wish him God speed and the active sympathy and co-operation of many warm friends in his efforts to advance the interests of the church of England in the Northwest.

# THE CANADIAN PACIFIC

## BUY A CONTROLLING INTEREST IN THE "BOO" LINE.

Chaska and his Wife Accepts the offer of the Museum Manager for a 10 Weeks Engagement.

ST. PAUL, May 3.—The Canadian Pacific have bought a controlling interest in the "Boo" line from Sault Ste. Marie to Minneapolis. The price paid being nine million dollars.

Chaska and his wife, nee Miss Corn Fellows, the Washington young lady who set everybody talking in March by marrying a Sioux Indian, has accepted the museum manager's offer of \$5,000 dollars for a ten weeks engagement.

### British Columbia Notes.

The Armstrong steamboat will leave Golden to-day for her first trip up the Columbia. She is pronounced a daisy by those who have seen her.

Contractor McClean, of St. Paul, Minn. is in Donald, B. C. That gentleman built most of the snow sheds erected by the C.P.R. in the Selkirk. He is probably there looking up other contemplated improvements by the company, as it is reported large sums will be expended in the mountains this summer in putting the road in good order.

We are pleased to note that a post of ice has been established at Dariusburg, near the mouth of High river. We pointed out the necessity of having a post office at that point last March, and our delegates pressed the matter when at Ottawa. It will be a boon to a large number of settlers. Mr. Thomas H. Andrews has received his commission as post master.

### Women in Business.

In this age of extreme activity and development, it is a noteworthy fact that many women have made their own way in mercantile life and successfully compete with men in many lines of business. Women, whether they labor in the household or in the store, are all liable to suffer from functional derangement and the cares of maturity. For all troubles known under the category of "female weakness," Dr. Pierce's Favorite Prescription is a tonic and tried specific. It relieves the greatest sufferers and restores the patient to vigorous health and strength. It is the only medicine for women, sold by all druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle wrapper and faithfully carried out for many years. Dr. Pierce's pellets cure constipation, biliousness, sick headache, bilious headache, and in all derangements of the stomach, liver and bowels.

### Northwest Territorial Act.

The provisional district of Assiniboia is divided into eleven constituencies, with one member each, namely: Mooseomin electoral district; Wallace electoral district; Whitewood electoral district; Souris electoral district; Wolesey electoral district; South Qu'Appelle and North Qu'Appelle electoral districts; North Regina and South Regina electoral districts; Moosejaw electoral district; Medicine Hat electoral district. The provisional district of Alberta is divided into four constituencies and will have six members namely, Macleod electoral district, one member; Calgary electoral district two members; Red Deer electoral district one member; Edmonton electoral district two members. The provisional district of Saskatchewan is divided into three constituencies, with five members, namely, Prince Albert electoral district, two members; Batoche electoral district one member; Kinstino electoral district one member.

### Exploration Party.

Mr. Pawcet, D.L.S., who has a naturalist and a full staff with him, and who arrived in Calgary a few days ago, are on a summer's trip of exploration, going north from Calgary. They intend penetrating into a district of country hitherto unexplored. After going as far north as time and circumstances will permit, they intend going east to the mouth of Nelson River, getting back to Winnipeg in November.

### Surveying Trails.

Messrs. Boulanger and Green, Dominion land surveyors, who are in camp near Calgary will be engaged during part of the summer in surveying the balance of the old trails in this district. We understand they will begin with the Morley trail on the south side of the Bow river, and probably take the Morley trail on the north side on their return trip. The Blackfoot trail from Calgary to Gleichen will also be surveyed this summer.

### Local Elections.

MONTREAL, May 9.—The election in Laval to-day to fill the vacancy in the local legislature resulted in the return of P. E. Lebeau, Conservative, over Fortin Lebeau, by one hundred majority. Lebeau was accused for bribery by agents.

# OTTAWA NEWS.

## TUPPER FOR TEN PERHAPS. \$25,000,000 WANTED.

The Hon. Henry Thompson and Foster to be Made Knights, as a reward for Fishery Work.

OTTAWA, May 9.—Sir Charles Tupper moved his resolution asking the authority of parliament to borrow to the extent of not exceeding twenty five million dollars to pay floating liabilities, and for other purposes.

It is said that on Tupper's return to England after the session he will be elevated to the peerage and be made Lord Tupper, as a reward for services rendered as Canada's representative on the fishery commission. His associates Hon. J. S. D. Thompson and Hon. G. E. Foster, it is said will receive the honor of knighthood for their services.

Christopher Robinson, a leading lawyer of the Ontario Bench is likely to be appointed to succeed Judge Henry in the supreme Court. It is rumored tonight that possibly two or three railway subsidies may be granted this session, and of all Northwest roads, Regina and Long Lake, it is reported, has the best chance. The desire of the government being to have a line to Prince Albert as speedily as possible.

HALIFAX, May 7.—On Sunday night Roundsmen Albert Webber was struck by the electric current and killed while attending the lamp at the corner of Agricultural and May streets. Last night Webber's successor, J. Broker, was killed, under similar circumstances while fixing the same lamp. The circumstances are peculiarly painful and the noble fatality has produced a sensation. Croker stood looking at the lamp several minutes before according the fatal proof as if in doubt whether to do so or not. Finally he went up, threw his leg over the cross-bar, came in contact with the current and fell against the lamp stand. His body hung on the wires nearly half an hour before it could be taken down.

### European Notes.

LONDON, May 8.—The dissenting Liberals profess to believe that the Government will in due time announce their intention of proposing what they term Home Rule Legislation for Ireland. That Mr. Gladstone will be obliged, if the Government should refuse to adopt any other policy than that of coercion, to propose a compromise such as they can accept and to which the Irish members will be forced to give way. The very success of the Government promises to be their difficulty when the legislation of this session is disposed of, and no doubt is felt that the substantial part of the Local Government bill is already sure of passing. Everything points to the Whitecliffe recess as a period of great interest and possibly of a new formation among political parties. Mr. Gladstone has no been much in the pub and flow of political life is obviously much less impressed than some of the younger of his followers by the apparent success of the Government, and it is notable that other politicians of greater experience regard the acts of the session argument in favor of the view that the Government will be forced on to failure either by proposing an insufficient measure for Ireland or by making no proposal at all and so alienating many of those by whom they are now supported. It is a curious circumstance that the success of the Local Government bill has caused the belief to spread even in conservative London, that it is the duty of the Government and that it will not be difficult for them to make satisfactory proposals to Ireland. Lord Hartington's reference to the present bill as a measure of Home Rule has greatly caught the fancy of such as make up a majority in London circles, and it is difficult to understand how it will be possible for the Government to persevere in the practical denial which has been the last word of Lord Salisbury and Mr. W. H. Smith.

### The Passenger Trains.

To the Editor of the Herald.  
Sir,  
A great deal of inconvenience and discomfort is suffered by the travelling public at Calgary station on account of the lack of sufficient landing platform to the east of the station. Passengers getting on and off have to get on and off in the mud. An extended platform east of the crossing, would remedy this. Mr. Niblock would not only be doing his duty but confer a great favor by providing this platform without delay. The place referred to is a mud puddle when it rains and the rainy season is now coming on, and unless provision is made there will be increased difficulty in this matter, and continued denunciations of the C.P.R. management will be heard in the darkness. Yours truly,  
A CITIZEN.

Calgary, May 9th 1888.

## MAJOR ROGERS

### LEAVES FOR THE COAST THIS MORNING.

And Will Visit Alaska to Report the County to a Syndicate of American Capitalists.

WINNIPEG, May 4.—Major Rogers, discoverer of the Rogers Pass through the Selkirk, left for the coast this morning. It is said that before returning he will visit Alaska in order to report to a syndicate of American capitalists on the feasibility of a scheme to build a line of railway from some point on the Northern Pacific to Alaska via the Calgary, Edmonton and Peace River country.

The usual recriminations were indulged in by the legislature yesterday. The question of exemption from taxation claimed by the Canada North-West Land Company in all its unsold lands was brought up by Thompson, of Cypress, who contended that thousands of dollars were owing to the municipalities. He moved that the government should make a test case by suing the company on behalf of the municipalities. Greenway declined to do this, but left the inference that he would make increased grants to the municipalities interested, by which they could take action.

Kirkhoffer, who was alluded to by Greenway as the new leader of the Opposition, moved an address to the Governor-General praying that the Canadian Pacific be urged to construct a line to the Souris coal fields before next winter, claiming to speak for settlers west of Brandon hills, where the fuel supply is completely exhausted.

### REGINA.

Mr. A. W. Dages, who has been at Indian Head for some days, says Major Bell put in 1000 acres of grain last week, and is putting in another thousand.

The city milkmen to-day (May 1st) lowered the price of the lactal fluid to five cents per quart. The former figure was eight cents.

Mr. Fred W. Hodgson, Methodist Missionary at Saskatoon, came down last week to visit Harlem, Dakota.

His Lordship the Bishop of Qu'Appelle came from the east on Saturday's freight.

The Regina Milling Company has been shipping flour in considerable quantities to New Westminster, B. C.

Mr. Hayter Reed, Assistant Indian Commissioner, left for the east on Saturday night's train. He goes to Ottawa.

Excellent seeding weather.

Parker, Perkins and Long, three Policemen, deserted from Maple Creek on Sunday week.

### Judging Draft Horses.

We take the following from a foreign exchange:

"The difference between the English and Scotch system of judging draft horses has often excited curiosity. The Englishman begins with the body, and sometimes would seem to stick there, taking only casual glances at the lower extremities of the limbs. The Scotchman, on the other hand, begins with the feet, and just as seldom lets his eyes rise to the body as the Englishman allows his to decline to the hoofs. The Scotchman argues that without sound, well-set limbs, flat, clean, flinty bone, sloping pasterns, and large, sound feet, a draft horse can be of little use for hard work, however big and handsome his body may be. The Englishman will not venture to dispute the truth of these contentions, but he holds that the big horses as a rule, bring the biggest prices, and so with him size and form of body have come to be considerations of first importance. It is hardly necessary to say that it is undesirable to pursue either of these extremes. Good legs and feet are undoubtedly essentials in draft horses, but we fear Scotchmen are, in many cases, carrying their notions too far, confining attention too exclusively to legs and feet, and neglecting size and substance of body. Size will always be an important element in determining the value of a draft horse. Other things being equal, the bigger horse will always bring more money than the smaller, and if only the greater weight is properly disposed over the frame of the animal, it is, no doubt, worth more money. On the other hand, a huge body, however handsome it may be, is of little value in front of a big load if the limbs or feet are weak or unsound."

VANCOUVER, May 2.—Among the freight which was brought from Victoria by the Rainbow on Friday were three car loads of cattle which came from Montreal via the Northern Pacific for Messrs. H. T. Read & Co., of this city.

The combined populations of Vancouver and New Westminster is now 13,000, or about equal to that of the city of Victoria. A prophecy is now made by the mainland people that the two former towns will double their population within the next year.

#### Dry Goods Firm Falls.

Toronto, May 4.—Hughes Bros., one of the largest dry goods houses in Canada failed to-day. The Bank of Commerce are the largest creditors, the amount is nearly half a million.

#### The U.P.R. Again.

MINNEAPOLIS, Minn., May 4.—It is reported that the C.P.R. has secured control of the Sault Ste. Marie, Minneapolis & Pacific, and Aberdeen & Bismarck roads and will build another line from the Atlantic to the Pacific via Minneapolis.

OTTAWA, May 4.—Judge Henry died last night of exhaustion caused by brain pressure. He leaves a widow, two sons and two daughters. His remains will be buried in Nova Scotia.

The Senate met to-day with closed doors discussing certain charges brought against Senator Alexander, relative to the publication of a bogus interview in which he made certain reflections against Speaker Allen and others. Senator Alexander was asked to apologize for his conduct, but refused. He was then asked to retire from the Chamber, after which Senator Abbott moved, seconded by Senator Scott, a vote of censure which was carried unanimously.

The House spent to-day's session in discussing the Government railway bill in committee and made substantial progress with this bulky measure. Davin called attention to the long run made by conductors and brakemen from Swift Current to Donald and urged that a provision should be inserted in the act to prevent the lives of passengers being thus jeopardized. Sir Charles Tupper said the suggestion was a most important one and he would consider the matter before the bill was finally adopted.

#### Trains Wrecked by Strikers.

CHICAGO, May 4.—As a freight train on the Chicago, Burlington & Quincy road was entering the city last night, some unknown men, but supposed to be done by strikers, placed obstructions on the track derailing the train. The cars took fire, but was soon extinguished. Only one car was burnt. The conductor was found shortly after with his head smashed in. It is said that three men entered the caboose and beat him. He will die.

#### Explosion of Dynamite.

QUEBEC, May 4.—By an explosion of a can of dynamite cartridges left near a stove, 18 shantymen in the employ of King Bros. were severely injured. Some will die.

4 p. m.—Alberta to have six members and Saskatchewan five members.

#### Last Night's Concert.

The Kirk-Weatherly concert given last night in the opera house to a crowded house, made up of one of the best audience we have yet seen, was a decided success. In fact the best concert of the season and we congratulate Messrs. Kirk and Weatherly for the good taste shown in selecting the items included in the programme. The only drawback is the bad acoustical properties of the hall, a circus tent would be no harder to sing in, and looking at the rent to be paid for one night's performance, it is time the proprietors made some improvements. The pianos used were built by Messrs. Williams, of Toronto, and they quite maintained the good name of that firm for excellence of tone and brilliancy. They are the property of Mr. Ross, our famous photographer, and we believe are for hire.

The programme opened with "The Boulevarde March," which was well played by the orchestra, and great credit is due to Mr. Kirk, conductor and Mr. G. Purches, leader. The next on the programme was Mr. Crane, who sang Odoardi Barri's well known song "Saved from the Storm," in good style, making the best use of his excellent voice. He received a hearty encore and responded with Mattei's "Nore vero," which he sang well. Miss Bertha Parrish, accompanied by Mrs. Beatty, showed what a favorite she is with a Calgary audience, by obtaining a rapturous encore, which we regret she was unable to respond to not being prepared with a second song. Mr. Wellcome sang "The Tar's Farewell" in his usual pleasing manner accompanied by Mrs. Beatty. Mr. Kirk, as usual, played well on the cornet and was roundly applauded for his skillful rendering of Hertman's "Home Sweet Home." Mrs. Doughty sang "The Wishing Cup" as well as we have ever heard it sung and her beautiful contralto voice delighted the audience. This lady possesses a really cultivated voice and the audience showed their appreciation by insisting on an encore. She responded with "Cherry Ripe" and was again encored, but was not prepared with a third song. Mr. Crane sang "The Village Blacksmith" and Mr. Chas. Southly himself would be pleased by the manner in which it was sung. He was heartily received. "The March of the Men of Harlech" sung by the ladies and gentlemen of the Methodist church choir with full orchestra accompaniment, in the hands of Mr. Spence Douglas went excellently well and the audience appeared to wish a repeat, but time would not allow.

The second part opened with "Aria Carnival March" from Faust, which was well played by the orchestra, showing that Calgary does possess some musicians. Mr. Allan, Mr. Davies, Mr. Ellerton and Mr. Barry sang their comic songs in a manner which pleased everybody, without the least vulgarity, to sing comic songs is no easy matter, yet these gentlemen overcame this difficulty and Messrs. Kirk and Weatherly have shown that a concert can be given with comic songs successfully in spite of some objections to such songs.

Mr. Leigh in his topical song was immense, some of the local hits fairly fetching the audience. This gentleman is decidedly clever in this line and possesses a good stage presence. Mr. Kirk played the "Silver Stream Polka" well and was heartily received.

The acrobatic and horizontal performance by Messrs. Dinnie, Baird and Taylor was greatly applauded and deservedly so, some of their feats were worthy of professional tumblers, Mr. Dinnie being exceptionally good. With "God Save the Queen" and the Boulevarde March, repeated during the exit, a most enjoyable evening was brought to a close, and we are sure that a concert under the same management will be always a great success.

#### Breed With Intelligent Horses.

It is just as important with horses to breed for intelligence as it is in the human race. A dull, stupid colt never can be educated to be a valuable horse. Without intelligence he will always be educated to be sluggish, and will never have an attachment to his master, nor manifest any disposition to obey and serve him as a pleasure. Most intelligent horses are naturally docile, or can be easily trained to be kind, reliable and even affectionate. Breeders of horses should look to the native intellect of the mare and stallion with as close a scrutiny as they examine their pedigree. Once make an intelligent colt or horse believe that his owner and trainer is his best friend, and there will be little or no trouble in training him, or trusting him in all emergencies. It is true there are cases where very intelligent horses are vicious and always dangerous. In some cases this is owing to the way they are treated in early life. Others are always vicious and dangerous to trust under any circumstances. In most cases this is inherited, and the breeder should investigate the question of disposition as well as intelligence. Never breed to a horse that is vicious, dangerous or even disagreeable. A horse which is dangerous or treacherous to his groom, no matter how fine in form, how pure in blood, how great his docility, should be taken to the public commons and shot. Thousands of precious lives are sacrificed to vicious stallions and their descendants. All other good qualities cannot redeem a vicious disposition. Nor can a beautiful form overcome a lack of intelligence and sprightliness.—Exchange.

Leader: Regina has lost the services of a minister of the gospel who has been with us since the early days. Rev. H. H. Smith, the pastor of St. Paul's, left on Friday for labors new in the west. His post of duty will be at Pincher creek, Alberta. Last Sunday he preached at Calgary. Before leaving here he was waited on by a deputation of his parishioners and presented with an address and a purse of \$125.

#### Pacific Coast News.

VICTORIA, May 2.—Sam Hill, gambler and smuggler, while rowing with 3 others, including a prostitute, was drowned in Victoria arm this afternoon.

The wife of the bishop of Vancouver Island died to-day.

Judge Swain, of Port Townsend, and Inspector Mawat, of Westminster, have been in the city for several days obtaining information in the sealing question for submission to their respective governments.

SAN FRANCISCO, May 2.—Two masked men halted the Lakeport stage near Cloverdale, Cal., yesterday and stole the box of Wells, Fargo & Co. Constable Abraham Crigler and Samuel Allen left Cloverdale on receipt of the news and overtook the robbers at Profile Rock in the mountains. One of them shot Crigler through the heart killing him. Allen fired but both the robbers slid down a steep precipice and escaped. A posse has started after them from Cloverdale. The amount of cash stolen is not known.

A despatch received by the Merchant's Exchange this morning says that the steamer Queen of the Pacific hence yesterday for San Diego struck on a rock as she was entering Port Harford and sunk in a short time. The passengers and crew left the sinking vessel in boats and were landed safely. The Queen of the Pacific is the property of the Pacific Steamship Company and valued at \$400,000.

Later—Captain Alexander telegraphs that the vessel sprang a leak and filled rapidly. Wrecking apparatus and divers have left here this afternoon. If the weather remains calm it is believed that the steamer will be raised and the damage be small.

D. and G. Keef, of Banff, are at the Windsor.

#### Minor Mention.

Mr. Young is starting a general store at Spring Bank.

Mr. M. Dunn and family are in town from Southern California.

Mr. James M. McCoun, son of Professor McCoun, of Ottawa is in town.

F. C. Cornish, of the Sarcee reserve, gave the Herald a call today.

The weather has cleared up, and the ladies are out shopping.

His Worship has procured new regulation caps for our city protectors.

Mr. Blanche, of Spring bank, is putting up a portable steam saw mill on the Elbow River, about 15 miles from Calgary.

Forty thousand pounds of seed grain was sent North on Saturday by the Calgary Carriage Co., for McDonald & Co.

Mr. John Houston, late of the Herald office, has opened a job printing office at Donald, B. C., our old friend is a square man.

Captain J. S. Dennis, Inspector of Government surveys, with his secretary, E. B. Genest and assistant F. Driscoll, are in town from Ottawa.

Col. H. P. Irving, late Adjutant of the 13th battalion, Hamilton, now of the Victor ranch, has just arrived from Ontario with fourteen fine brood mares for the Victor ranch.

Mr. J. Spencer Douglas has moved his business one door north of his late stand. His new premises will be much larger and more commodious than his old place.

Mr. Miquelon, government immigration agent informs us that the arrivals of immigrants to settle in this district, during the month of April was 80.

Mr. Bjornson, the Dakota Icelandic agent, has been heard from, he is much pleased with what he has seen north and west of Calgary. He has gone on towards Red Deer.

Omaha papers just to hand say that a special despatch from Valentine, Neb., reported a fearful blizzard was in progress on Sunday the 29th April, blocking railway travel.

The three gentlemen representing 300 families wanting to settle in this district, have gone out to examine the country. We understand they bought Indian ponies to travel with.

Mr. A. York, who is settling up the business of the late firm of Soules, York and Co., will be found at the office of Pettit and McKinnell, in the Herald Block, Stephen Avenue West.

The shop on the corner of Atlantic Avenue and McTavish Street lately occupied by J. S. Douglas, is being fitted up by Mr. Robert Osburn as an office and lunch table rooms, in connection with his hotel.

The approaches to Langevin bridge at both ends, were nicely filled up with gravel yesterday. This was much needed as it was difficult for teams to get on to the bridge with loads in the condition it has been in.

Mr. John O. Beattie, late of the G. T. superintendent's office, Hamilton, who has been visiting friends in Calgary, went west by the 24:45 a. m. train, to take a position on the C. P. R. at the coast.

The chief has taken up his quarters at the old town hall. This has been done for two purposes, first to make room for more firemen at the fire hall, and in order that visitors brought to the cooler during the night by the men on patrol, may be received with open doors.

Capt. E. C. Dawson, of the Queenstown Ranch, is in town, and reports everything in apple-pie order. He hired a lot of Blackfoot Indians to help him building bridges, etc. If the Captain trains a lot of these fellows to work, the country will owe him a debt of gratitude.

Twenty one persons arrived by the night's express to settle about Calgary. One man came to work for Mr. Stewart Moore, of the Bow River, one man is engaged to work for Rev. E. Paske Smith. Two men are going to settle on land already secured, and the others have not yet decided where they will locate.

We call attention to Mr. Inspector Blair's advertisement in this week's paper re teachers examinations.

Mr. G. Chapman is pushing the brick-work on Murdoch's block at a good rate of speed and will (weather permitting) it completed by the 15th inst.

Our enterprising brewer, Mr. O. H. Allen, has added a new furnace and large boiler to his brewing establishment here this week, and is also preparing for the heated term by bottling a large stock of summer drinks.

The dinner at the Delmonico Restaurant was quite a nice affair. There was a good spread to which ample justice was done by a good turn out of business people. If the proprietor keeps up his table to the standard of last night he will receive liberal patronage.

Dr. Hay, of Listowell, Ont., is in town on his return trip from the coast, he expresses himself as much pleased with this country and says that some of the great cheese men of his county (Perth) are coming here soon with the view of starting cheese business in the Calgary district.

It would be interesting to those who are compelled to travel on the C. P. R., and to the citizens of Calgary to know who regulates the stopping of the passenger trains here, particularly those who witnessed the dumping of women and children as well as gentlemen, from the sleeper into the mud puddle that lines the track near the station. This is no new civility on the part of somebody, it is an habitual offence. It is about time that Mr. Niblock looked after some of his stupid officials.

The spring poet bobs up serenely. In Dakota this spring, A bird tried to sing, But the poor thing was caught in a blizzard.

He fell to the ground, And then it was found That the music had friz in his gizzard.

Father Winters and Mr. B. Wright, indulged in a bit of street tongue fight. We are glad to say the striking was light, and Murdoch has settled the fuss at sight.

Mr. Veterinary Surgeon Burnett, of Regina, is in town for the purpose of buying re-mounts for the Northwest Mounted Police service. He has instructions to purchase 100 horses. Mr. Burnett will be at the Calgary barracks on Wednesday and Thursday to examine and purchase horses. If the Surgeon does not get horses enough here, he will go to Fort Macleod next week. See the advertisement in the Herald.

We are in receipt of a copy of the Northwest Bill as read a second time in the Ottawa Parliament. We are pleased to see that the bill as printed provides for six members for Alberta, as stated in our special telegram of the 4th inst. Calgary district will have two members. Everyone who runs for the council will be required to deposit \$100. We may refer to the bill more particularly tomorrow.

On the arrival of the 24:45 train on Saturday we met three German gentlemen who have come to Calgary in the interests of the settlers on the Menonites reserve in Manitoba, and their countrymen in the fatherland, who desire to settle in the district of Calgary. The gentlemen's names are, A. Von Ulrich, a German officer, Mr. Charles Walls, a German head forester and Mr. Wrangmore. These gentlemen visited Canada the year before last and one of them visited Calgary last year. The object of these gentlemen's present visit is to select locations for 300 families. They express themselves as highly pleased with the courteous attention paid to them by Mr. F. Z. C. Miquelon, the Government immigrant agent, taking these parties to the pretty and well kept immigrant house, where everything possible was done to make the visitors comfortable. The gentlemen bring letters of introduction to Wm. Pearce Esq., Commissioner of mines and E. Fletcher C. P. R. land agent. Our visitor inform us that after consulting with Mr. Pearce and Mr. Fletcher, they intend making a thorough examination of the country to the north of Calgary, and if they find things as favorable as they anticipated, they intend publishing a report of their travels, and forwarding the

same to Menonites in Germany, Russia and Kansas. These gentlemen have every appearance of being of the right stamp and representing the element which will do good and get good by settling in the Calgary district.

#### Notice.

A special meeting of the Calgary Liberal Conservative Association will be held in the Odd Fellows Hall over the Herald office, on Saturday evening the 12th inst., when business of importance will be brought up, a full attendance of the members is requested.

JOHN LINHAM, ALEX. LUCAS,  
President. Secretary.

#### High Court of Justice.

This court adjourned last night till the 30th instant. His Lordship Justice Rouleau having to go to Edmonton to hold court, and from there he goes to Regina, after which he is expected to return to Calgary, and possibly get through the "horse case" before long vacation. It seems rather cute of certain plaintiffs, who may doubt there being value in the horses, to keep the suit in court till the colts grow to be horses.

#### New Progress in Alberta.

New creamery Mr. J. E. Fennacy, of the Rosedale ranch, between Pine and Sheep creeks, has built and got into operation a creamery. He to-day brought in to town about 50 pounds of butter, the first product of his new industry. Mr. Fennacy says he will conduct the business on scientific principles, and is willing to associate others with himself and form a joint stock company to carry on the business more extensively, and will be pleased to hear from any one wishing to engage in butter making.

#### Song of the Cowboy.

I can bust more Pullman coaches on the rail, Than anyone who worked the job before.

CHORUS—He's a snorter and a snoozer, the great trunk line abuser. He's the man who puts the sleeper on the rails.

THIRD COWBOY. I'm the double-jawed hyena from the East, I'm the blurring, bloody blizzard of the States, I'm the celebrated slugger, I'm the best, I can snatch a man bald-headed while he waits.

CHORUS—He's the double-jawed hyena, he's the villain of the States, He can snatch a man bald-headed while he waits.

FOURTH COWBOY. I'm the bronco buster of the West, I'm the proud buccaro of the plains, I'm an Injun fighter, and a blood spiller, I sleep on my rest, with the hondeau for my pillow.

CHORUS—He's a sanguinary cuss, he kills the with a thud, His eye is full of terror, and his boots full of blood.

FIFTH COWBOY. I'm a grizzly, a coyote, an owl, I'm a wolf, and its my night to howl, When I turn loose I'm a boater, For I always pack my bowie knife and seven shooter.

CHORUS—He's wild and woolly, and always makes me score, He has rows of double teeth, and holes punched for more.

SIXTH COWBOY. I'm a bad man, let your life, And come from Old Man's River, I've scalped an Injun, drank his blood, And then chewed up his liver.

CHORUS—He's the worst one yet in all this western land, Turn him loose, to roam at large, an honor to his band.

#### McLEOD.

The machinery for the new saw mill at McLeod arrived from the railroad yesterday, and the mill will soon be running.

Yeast Powder Bill, Little Bear, and Big Horn were arrested last week on the charge of killing cattle, and have been committed for trial. The two latter were arrested by Insp. Wilson at the Blood Reserve.

The police bull team started for Kipp on Sunday, and on top of the lead wagon was a boat which had just been built for the use of the police at Kipp. In passing under the telegraph wire in town, the boat caught, and was pitched off. A badly smashed boat was the result.

Mr. McIlwain, and several others from Pincher Creek, pulled out last week for the Sweet Grass Hills, where they have some very rich placer diggings. There are some very rich diggings in the Sweet Grass, but a scarcity of water renders it impossible to work them to their fullest capacity.

On Thursday night the roof in Dr. Girard's house took fire from a defective chimney, and but for the prompt action of H. Stedman and Const. Lavoie the house would probably have gone. On Sunday evening the roof of Mr. Cowdrys kitchen took fire and burned a hole through. Fortunately it was got under control before much damage was done.

C. P. F. Conybeare of Lethbridge, has been appointed crown prosecutor, vice F. W. G. Haultain, who resigned the position.

—BUT—

Wise Men Catch On and make money.

General Depression

In the Canadian Northwest is passing away.

General Prosperity

is fast taking its place.

Alberta

The Tenderloin of Canada.

Calgary

The Denver of Canada.

As Denver

Is the centripetal city of Colorado.

So Calgary

Is the centripetal city of Alberta. Eighteen years ago Denver was about the size of Calgary. Today it has a population of over 80,000.

Alberta

Is equal to Colorado in everything that will make it a great Province, and

Superior

to Colorado in many natural resources.

Question

What is going to make Calgary become a great city?

Answer

1st. Its geographical position on the Canadian Pacific Railway and midway between WINNIPEG and VANCOUVER

2d. The vast Mineral Wealth, consisting of Gold, Copper, Lead, Iron in the Hook Mountains to the west of Calgary, coupled with an unlimited supply of ANTHRACITE and BITUMINOUS COAL, which is found all through Alberta, and is as ready being shipped in large quantities to San Francisco, which minerals and coal will make Calgary the smelting and manufacturing CITY OF CANADA.

3d. THE FINE WATER POWER which can be obtained from the two rivers that flow through the town.

4th. Millions of acres on the most fertile land in the world have been set apart by the Canadian Government for FREE HOMES. This land has been proved capable of producing very large crops of grain and vegetables in great variety, and of the finest quality without irrigation. Through these lands flow innumerable streams of the purest water, thus making Alberta a farming country second to none in the world, of which Calgary is now and will continue to be the capital and

#### COMMERCIAL CENTRE.

5th. THE CLIMATE is unequalled for its temperate and healthy character in the whole Northwest, being entirely free from severe storms, cyclones, blizzards and tornadoes, and is as much superior to the climate of Minnesota, Dakota and Manitoba as they are to Iceland.

6th. The fact that horses, cattle and sheep feed and fatten on the prairie the year round, the two latter when taken off the grass in February and March are equal to eastern stall fed animals.

7th. The inexhaustible supply of Pine, Cedar, Spruce, and other valuable woods of a size and quality such as never existed in the Eastern States, on the main line of Railway and banks of the rivers, to the west, which is floated in the log or brought in lumber by rail to Calgary and sold at low prices.

8th. The magnificent site of the town of Calgary, in a beautiful valley five miles long and two miles wide, with two crystal rivers 150 and 200 feet wide, flowing through it at five miles an hour, surrounded by the sleeping hills on which to build private residences, in the distance looms up in stately grandeur the peerless Rocky Mountains, and in the river are numerous islands, granted by the Government to make Parks for this Gem City of the West.

The town, now only four years old, has a population of 8,000. In it are solid business blocks built of native free stone. There are also churches, schools, hotels, in every way first class for the age of the place. There are two daily newspapers, and the town is lighted with electricity. In fact it possesses all the evidence of steady growth and increasing wealth.

To those who wish to make investments in Real Estate in Calgary I am prepared to sell over 1,000 of the best located lots in town at prices ranging from \$30 to \$1,500 each. Possessing an intimate knowledge of the growth of the Northwest, States and Territories, I came to Calgary almost at the first and being convinced of its future greatness, at once made investments. I am the oldest, largest, and most experienced Real Estate dealer in Calgary, and feel confident I can sell property to all desiring to invest capital in this rapidly rising city at prices that will pay 50 to 100 per cent, within 12 months.
